Dividend Related Information

Pursuant to the changes in the Income-tax Act, 1961 ('the Act'), as amended by the Finance Act, 2020, dividends paid or distributed by the Company on or after 1st April 2020 shall be taxable in the hands of the shareholders. The Company shall therefore be required to deduct tax at source ('TDS') (at the applicable rates) at the time of payment of the dividend. The withholding tax rate would vary depending on the residential status of the shareholder(s) and subject to verification of documents, sent by the shareholder(s)

Resident Shareholders:

Tax shall be deducted at source under section 194 of the Income Tax Act, 1961 (the 'IT Act') @ 10% on the amount of dividend declared and paid by the Company during financial year 2022-23, subject to the following:

Sr No	Particulars	Rate of TDS	Section under IT Act
1	PAN is not available/Invalid PAN	20%	206AA
2	Non-filing of return of income tax for any of the last two financial years and TDS as well as TCS deduction in each of these years in case of the shareholder is ₹ 50000 or more (Refer Note 1)	20%	206AA

Note 1: Provisions of section 206AB of the IT Act are applicable with effect from 1 July 2021

No tax shall be deducted at source on the dividend payable to a resident individual if the total dividend to be received by the said resident individual from the Company during a financial year does not exceed ₹ 5000; or if an eligible resident shareholder provides a valid declaration in Form 15G/Form 15H or other documents as may be applicable to different categories of shareholders.

Further, if a shareholder has obtained a lower or Nil withholding tax certificate from the tax authorities and provides a copy of the same to the Company, tax shall be deducted on the dividend payable to such shareholder at the rate specified in the said certificate.

Non-resident Shareholders:

Tax is required to be deducted at source in the case of non-resident shareholders in accordance with the provisions of section 195 of the IT Act at the rates in force. As per the relevant provisions of the IT Act, the TDS on dividend shall be @ 20% or applicable rate plus applicable surcharge and health & education cess on the amount of dividend payable to the non-resident shareholders. For FII/FPI shareholders, section 196D provides for TDS @ 20% or applicable rate plus applicable surcharge and health & education cess.

However, as per section 90 of the IT Act, non-resident shareholders have the option to be governed by the provisions of the Double Tax Avoidance Agreement (DTAA) read with applicable Multilateral Instrument (MLI) provisions if they are more beneficial to them.

A list of documents/declarations required to be provided by the resident shareholders and list of documents/ declarations required to claim the benefit of DTAA by the non-resident shareholders are available on the Company's website <https://www.nathbiogenes.com>.

Kindly note that the documents should be send to Bigshare Services Private Limited., the registrar and share transfer agent at tds@bigshareonline.com.

No communication on the tax determination/deduction shall be entertained after 07th July 2023.

The above referred documents submitted by you will be verified by us and we will consider the same while deducting the appropriate taxes, if any, provided that these documents are in accordance with the provisions of the IT Act. In addition to the above, please note the following:

- In case you hold shares under multiple accounts under different status/category but under a single PAN, the highest rate of tax as applicable to the status in which shares held under the said PAN will be considered on the entire holding in different accounts.
- In case of joint shareholding, the withholding tax rates shall be considered basis the status of the primary beneficial shareholder.
- For deduction of tax at source, the Company would be relying on the above data shared by Bigshare Services Private Limited as updated up to the record date.

May be further noted that in case tax on dividend is deducted at a higher rate in the absence of receipt of any of the aforementioned details/documents from the shareholders, and such shareholders may consider filing their return of income and claiming an appropriate refund, as may be eligible. No claim shall lie against the Company for such taxes deducted.

The Company shall arrange to email the soft copy of the TDS certificate to shareholders at the registered email ID within the prescribed time, post payment of the said dividend, if declared in the AGM. The said certificate can also be viewed in Form 26AS at TRACES <https://www.tdscpc.gov.in/app/login.xhtml> or the website of the Income Tax department of India <https://www.incometax.gov.in/home>.

In the event of any income-tax demand (including interest, penalty, etc.) arising from any misrepresentation, inaccuracy or omission of information provided by the shareholder/s, such shareholder/s will be responsible to indemnify the Company and provide the Company with all information/documents and co-operation in any assessment/appellate proceedings before the Tax/Government authorities.

MANAGING DIRECTOR'S STATEMENT

To Our Loyal Shareholders

Nath Bio-Genes (India) Limited is committed to be a strategic partner to our farmers by helping them overcome challenges of low yield, waste and disease infestation and vagaries of monsoon.

Seed is the basic and the most critical input in the agriculture and so the investments made on all other inputs will go waste if the seed is not of good quality. Thus, the quality seed is of paramount importance for sustainable growth of agricultural production and productivity. Hence, we have invested heavily in Research and Development, especially to innovate seeds, which is dream products for our Farmers.

The availability of quality seed is not a one-time affair; it needs to be monitored every season year after year at different stages such as seed production, processing, testing, marketing etc. Thus, company has invested vastly in seed replacement system.

Agriculture fundamentals remain attractive with healthy farmer income levels and resilient customer demand. At the same time, global macroeconomic challenges persist. Our priorities for 2023 are straightforward and reflective of our operating environment – execute our balanced plan to deliver according to market growth and margin expansion, which will enable to continued value creation.

The key constituents of our basket are our top-ranked cotton hybrid SANKET; most popular bajra seed in the market, Super 27; 3 fast-growing paddy hybrids, visibly Dhoom, Dhadak, and Dhadak Gold; and unparalleled hybrid tomato seed Akhand; NCH 495, which is a unique chili hybrid that is hot pepper, first ever product in the industry showing high tolerance to black thrips. Besides many more other winning products in crops like maize, cucumber, bitter gourd, etc.

Strengthened by the company's competitive advantages, we have delivered broad-based sales and earnings growth year over year, with value returned to shareholders via dividend.

As economies around the world continue to recover, we are committed to unlocking value at a faster pace, while continuing to do what Nath Bio does best – launching innovative products, forging strong customer relationships, and maintaining focus on execution.

Ultimately, we are committed to the success of agriculture—across all its spectrums—which is the backbone for which all of us depend upon so dearly each and every day.

Thank you for your support as Nath Bio Genes continues to deliver value for all stakeholders, building a stronger agriculture system for our world.

- Prevailing legal requirements, tax rules, Government policies and statutory conditions or restrictions as may be provided under applicable laws.
- The declaration of dividends and its quantum may have a positive impact on the market prices.
- The Company may also consider the rate of inflation when declaration of dividend.

5. CIRCUMSTANCES UNDER WHICH SHAREHOLDERS MAY OR MAY NOT EXPECT DIVIDEND.

The Company shall not recommend dividend if it is of the opinion that it is financially not prudent to do so. The shareholders of the Company may not expect Dividend under the following circumstances.

- In case the Company is undertaking significant expansion which would require higher allocation of resources.
- If the Company requires significant amount of working capital to fund its future growth.
- In case the Company proposes to use surplus cash for buy-back of securities.
- In the event of inadequacy of profits or whenever the Company has incurred losses

The Company may declare dividend out of the profits of the Company for the year or out of the profits for any previous year or years or out of the free reserves available for

distribution of Dividend, after having due parameters laid down in this Policy.

6. UTILISATION OF RETAINED EARNING.

The Company maintains enough retained earnings to address the financing of working capital, capital expenditure, corporate actions, inter alia, buyback and reduction of capital, and unanticipated and emergency expenditures.

The Company may also use the retained earnings for such purposes as are within the Provisions of the Act, Rules, Listing Regulations, and any other applicable law.

7. AMENDMENTS

The Board may, subject to applicable law, amend, suspend, or rescind this Policy at any time. Any difficulties or ambiguities in this Policy will be resolved by the Board and/ or administrative committee of the Board, in line with the broad intent of this Policy, as and when required.

8. DISCLAIMER

This Policy shall not be construed as a solicitation for investments in the Company's Securities and shall neither act as an assurance of guaranteed returns (in any form), On investments in the Company's securities.

9. CHANGE IN LAW.

In case of any subsequent changes in the provisions of the Act or further rules and regulations / guidelines from the Securities and Exchange Board of India including the Listing Regulations or any other regulations which makes any of the provisions of this Policy inconsistent, then the provisions of the Act or such other regulations would prevail over this Policy and the relevant provisions contained in the Policy would be modified accordingly in due course to make it consistent with applicable laws.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Indian Economy

India's GDP is anticipated to expand by 6% to 6.8% in FY24. The bullish growth estimates are based on a variety of positive factors, including a rebound in private consumption due to increased industrial activity, greater Capital Expenditure (Capex), near-universal vaccine coverage, and the return of migratory workers to cities. Despite facing the challenges of COVID-19, the conflict between Russia and Ukraine, and the coordinated policy rate hikes by central banks - led by the Federal Reserve - aimed at curbing inflation, which caused the US dollar to appreciate and widened the current account deficits in net importing economies, agencies globally maintain their projection that India will remain the fastest-growing major economy in FY23, with a growth rate of 6.5-7.0%.

Following the effect of the first two waves of the pandemic, which resulted in a major GDP contraction in FY21, the rapid recovery from the virus in the third wave contributed to a recovery of economic production in the January-March quarter of 2022. Due to the Indian economy's full recovery ahead of many other countries, production in FY22 exceeded its pre-pandemic level in FY20. However, the turmoil in Europe forced a revaluation of forecasts for inflation and economic growth in FY23. In January 2022, retail inflation in the country rose over the RBI's tolerance range. It remained above the goal range for 10 months before falling below the upper end of the target range of 6% in November 2022.

In FY23, India's economic development was mostly driven by private consumption and capital formation, which helped generate employment as seen by the dropping urban unemployment rate and quicker net enrolment in Employee Provident Fund. According to the Periodic Labour Force Survey (PLFS), the rate of urban unemployment for those aged 15 and over decreased from 9.8% in the quarter ending September 2021 to 7.2% in the following quarter (quarter ending September 2022).

From April to November 2022, there was an impressive YoY increase of 15.5% in Gross Tax Revenue, fuelled by robust growth in direct taxes and the Goods and Services Tax. The introduction of innovative

policies like PM Gati Shakti, National Logistics Policy, and PLI schemes is expected to bolster the country's manufacturing and infrastructural sectors, reduce value chain costs, and provide a firm foundation for sustainable economic growth and improving resilience.

Agricultural Sector

The agriculture sector in India is expected to increase by 3.5 percent in FY23. Apart from serving local needs, India has recently emerged as a net exporter of agricultural products. Agricultural exports reached \$50.2 billion in FY23. According to estimates, the country produced 149.9 million tonnes more food grain during the month of Kharif than it did on average over the preceding five years. However, the area seeded with paddy was around twenty lakh hectares less than in 2021.

India's agricultural exports reached \$50.21 billion in 2021–2022, an increase of 19.92%. India exported fresh produce worth \$1.5 billion in 2021–2022; these included fruits worth \$0.74 billion and vegetables at \$0.76 billion.

The food processing industry in India is a burgeoning industry that has gained significance in recent years. According to the Agricultural and Processed Food Products Export Development Authority (APEDA), the industry is likely to grow at a CAGR of 3% between 2022 and 2030. Processed fruits and juices, pulses, guar gum, groundnuts, milled goods, cereal preparations, oil meals, and alcoholic drinks are some of the major processed food exports from India. In FY22, India exported goods worth US\$25.6 billion, making history in the fields of agricultural and processed food exports.

Government Measures and Policies

In order to lower the cost of agricultural inputs, increase productivity, and increase farmer incomes, the government has enacted a number of developmental programs, plans, reforms, and policies. These consist of:

- **Agriculture Accelerator Fund** – The Fund will seek to provide farmers with creative and cost-effective solutions to their challenges. Additionally, it will use contemporary technology to change agricultural practices and boost production and profitability.
- **Increase in Agriculture Credit** – The Government increased the credit to Rs.20 lakh crore with a focus on animal husbandry, dairy, and fisheries.
- **Promotion of natural farming** - The government declared that it would establish 10,000 Bhartiya Prakritik Kheti Bio-Input Resource Centres for organic farming. The government would assist one crore farmers in switching to natural farming over the next three years. 10,000 Bio-Input Resource Centres will be established for this, resulting in the development of a dispersed national micro-fertilizer and pesticide production network.
- **Promotion of alternative fertilizers** – The government also launched new schemes promoting the adoption of alternative and natural fertilizers.

Seed Sector Overview

In India, the seed market was worth US\$6.3 billion in 2022. With a compound annual growth rate (CAGR) of 6.8%, the size of the global seeds market increased from \$58.74 billion in 2022 to \$62.72 billion in 2023. The Russia-Ukraine war hampered global economic recovery from the COVID-19 epidemic. Due to supply chain interruptions, a rise in commodity prices, and economic sanctions against other nations as a result of the conflict between these two nations, there has been inflation in many different markets throughout the world. At a CAGR of 6.6%, the seeds market is projected to reach \$81.1 billion in 2027.

The global market for hybrid seeds was worth \$59,555.2 million in 2020, and it is anticipated to grow to \$166,189.8 million by 2031, at a CAGR of 9.6% from 2022 to 2031. India's hybrid seed market

produced \$17,729.4 million in sales in 2020, and it is anticipated to increase to \$51,780.8 million by 2031, at a CAGR of 10.0%. This significant market share is mostly attributable to the expansion of indoor farming operations and the rise in demand for organic products as well as for expensive fruits, vegetables, and flowers that can be grown with ease and efficiency inside.

The agro-ecological diversity of India comprises a number of significant crops, but cotton is one of the most significant for the nation's agricultural exports. Cotton is one of India's most important cash crops and fibres because it employs between 40 and 50 million people in trading and processing. Additionally, it directly contributes to the survival of six million farmers. The government through its Public-Private Partnerships plans to conduct a cluster-based and value-chain strategy to boost the production of extra-long staple cotton. The supply of inputs, extension services, and market links will necessitate collaboration between farmers, the government, and corporations.

Due to increased investment in agricultural infrastructure, including irrigation systems, warehousing, and cold storage, the agriculture industry in India is anticipated to gain further pace in the coming years. Additionally, it is likely that the increased usage of genetically modified crops would increase Indian farmers' yields.

Company Overview

Nath Bio-Genes (India) Limited is an experienced seed Company in India that has been producing and distributing seeds to Indian farmers for about two decades. With its strong research and development background, the Company has developed several highly rated cotton seeds that have demonstrated resilience to various viruses and weather changes and have performed well in ICAR trials. The Company's new launches, Sanket and Jumbo cotton seeds are ranked amongst the top three in most geographies and under different planting conditions. Such consistently high ranking of the Company's seeds provides reasonable confidence that its cotton seed portfolio will grow faster than the industry.

The Company incorporated a variety of growth drivers in its portfolio, including hybrid paddy, bajra, maize, vegetable seeds, and plant nutrients supplement resulting in de-risking of its business. The management has projected a 15% plus guidance for the upcoming year. Despite a difficult climate, the Company has been able to improve its working capital cycle from the previous year, with the progress being driven by receivables management. The Company has increased its non-cotton non-paddy portfolio sales to 44.69% of total revenue.

The Company works hard to sustain positive relationships with the agricultural industry and forge strong connections to collaborate closely with forward-thinking farmers. Over 15,000 farmers have joined the Company's network to cultivate seeds for it. Among other honours & accolades, the Company had received the coveted "Vasant Naik Prathisthan Award" for its contribution to raising agricultural productivity.

Cotton – The performance of Cotton has been better despite the industry facing the issue of sale of illegal BT cotton seeds. The Company has been actively collaborating with the industry body and the Government as well as imparting education to farmers on the issue. About 13.80 lakh cotton packets were sold by the Company in FY23. The Company believes that the efforts it is making with farmers will pay off, that they will produce results, and that it will enable the Company to achieve a 15% volume gain in FY24.

BT Cotton - The only transgenic crop that has been given the government permission for commercial production in India is BT cotton. It has undergone genetic modification to create an insecticide to combat the common pest known as the cotton bollworm.

HTBT Cotton - Although it has not received regulatory approval, the HTBT cotton version adds a further layer of modification, making the plant resistant to the herbicide glyphosate.

Challenges faced by Cotton Industry – HTBT cotton requires only one application of glyphosate. There is no additional requirement for weeding. This leads to a saving of cost of about Rs. 7,000-8,000 per acre of land. Since the Genetic Engineering Appraisal Committee has not authorized it, it is being sold illegally in Indian marketplaces. With such unlawful cotton seed sales, farmers are in danger since there is no guarantee of the quality of the seed, it pollutes the environment, the industry loses genuine seed sales, and the Government also loses revenue. It would not only destroy tiny cotton seed businesses, but it will also endanger the country's whole legal cotton seed industry.

Products in the pipeline – The new products being developed by the company are NBC 1821, NBC 1851, NBC 1811, and NBHV 2205. To market distinctive cotton products like NBC-10, Sanket, Maharana, and Jambo, extraordinary efforts have been made. The Government raised cotton seed rates by Rs 853 for each packet, which helps to provide a better value. However, the trade of unlawful HTBT Cotton continues to have an impact on the sector.

The following are the products, the Company is developing:

- Medium and Large Boll
- High tolerance to sucking pest.
- High tolerance to pink bollworm
- Wider adaptability
- Yield Superiority

With a focus on yield superiority, the strategy is to offer farmers a wide selection of cotton seed types that are suited for various climatic situations. Sanket and Jambo, the Company's two newest hybrids, are aiding in the segment's rise.

Paddy - The sales of paddy comprise both open pollination and hybrid seeds, with the latter commanding higher margins. As a result, hybrid paddy has the most significant share in the Company's product portfolio. To improve margins, the Company has adjusted its paddy product mix to increase hybrid paddy sales, leading to a 7.43% decline in volume but a lower 1.24% decline in value in FY23. Hybrid paddy is currently a high-value, low-volume product that the Company is focusing on. Despite a potential decline in paddy volume, the revenue and margins from this segment are expected to remain high, with paddy volume growth projected at 15% in FY24. The Company has invested heavily in its hybrid research program and launched new products such as Dhoom, Dhadak, and Dhadak Gold. The Company's key products in this segment are Loknath, Gorkhanath, Super Duper, and Tehelka.

With respect to research and development, the Company is currently working on products that possess the following characteristics:

- Early maturity, fine grain and increased resistance to diseases and pests
- Increased moisture stress tolerance
- Medium-Bold and Long-Bold grain products with medium maturity (125-135 days) that are equipped with resistance to BLB and BPH.

Vegetables - The vegetable segment is a significant market with a wide range of product offerings, and its cultivation varies across different regions in India. The Company has a robust presence in this segment, with more than ten products available throughout the country, contributing over 11% of the Company's gross margins. The Company is currently working on launching new products with high disease resistance and excellent virus resistance, particularly in tomato and okra, as well as high-yield and no bitterness features in chilly, bitter gourd, and cucumber. Furthermore, the Company is conducting extensive research and development to expand its product portfolio, including foraying into fruits in addition to vegetables. Vegetable growth is expected to increase by 20%.

The R&D team of the Company has been working on the following:

- Developing newer products
- Diversifying the existing portfolio of products
- Expand into the fruits segment.

Plant Nutrient Supplement – Win-Chi-Win is a Plant Nutrient Supplement with a track record of raising crop yields when applied to the crops. The Company noticed a significant increase in the demand for this product for horticultural, agricultural, and vegetable crops. For the exclusive purpose of sourcing and marketing Win-Chi-Win in India, the Company has a partnership with a Chinese Company. The product is distributed throughout the country. In the PNS vertical, the Company introduced two new products. Both are soil conditioners that assist grow healthy crops by enhancing the quality of the soil. For FY24, PNS Growth is anticipated to be above 20%.

Others - This category mostly covers wheat, jowar, mustard, bajra, and maize with a larger proportion of maize, mustard, and bajra. 45% of the Company's top line comes from this segment of the business.

Financial Overview

The Company has been able to deliver persistently with respect to cotton sales and has maintained its long-term debt-free status. The Company continued to maintain a net profit margin of around 12% (at adjusted PAT) and a gross contribution margin of about 55%. Field crops, vegetables, and supplements all reported high margins, which contributed to the Company's success in transitioning to a de-risk business model. An impressive 45% of the portfolio was made up of non-cotton and non-paddy. The Company's receivable days have also improved due to better control. The Company declared a dividend of 20% and has given a topline guidance of [15-20%] for FY24.

Company Outlook

The Company's future strategies are aimed at increasing its revenue multiple times through new geographies and newer products. The Company is introducing new items generated by the research channel and expanding into new regions with its acquisition of additional territories. The Company has already started testing its products and receiving licensing approvals in Southeast Asia and Africa, where there is also a sizable market. These would protect the Company from single-country regulatory and environmental risks.

Infrastructure

The Company has been following the policy of least blockage of funds in Infrastructure. Since renting godowns and processing facilities is far more effective, efficient, and economical, the Company has entered into a long-term contractual agreement with one such provider in Southern India, as a result of which, all of the Company's field crop processing requirements are met under one roof.

Research and Development

The Company has redefined its research and development using the best R&D experts in the country. Using the latest technologies, the Company has created high-yielding hybrids with greater endurance to biotic & abiotic stress. The Company's niche collection of superior & world-class Trait Specific Elite Germplasm is what gives it a competitive edge over its peers.

The Company has the following R&D investments:

- 32 breeding and evaluation R&D dedicated stations in different Agro-Climatic conditions
- About 300 acres of land for the purpose of research and development
- Partnerships and collaborations with globally recognized research institutes such as NRCPB, CIMMYT, IRRI, ICRISAT
- Dedicated team of hand-picked plant breeders and biotechnologists based at key R&D centres under the guidance of R&D veterans.

Seed Production

The Company's operations are spread far and wide within the country. The Company is involved in the production of seeds in the states of Andhra Pradesh, Gujarat, Karnataka, Maharashtra, Rajasthan, Odisha, Uttar Pradesh, Madhya Pradesh, and Tamil Nadu having varied agro-climatic regions. The seed production is carried out on 30,000 acres of land by a team of 25,000 dedicated growers and 72 technically qualified organizers. By establishing strict field standards and quality control inspections throughout the seed production process, the Company ensures that only seeds of the highest quality reach its processing facilities. To ensure strict controls, a team of competent production employees and quality personnel monitor farms. The Company looks after its team of produce growers and organizers to establish better ties with them. Acknowledging their hardships, and presenting them with the required guidance, direction, and financial assistance, have produced positive results and helped the Company gain their trust, loyalty, and commitment.

Elaborate Seed Processing Facilities

With three processing plants in Maharashtra, Telangana, and Andhra Pradesh, the Company provides sophisticated seed processing capabilities. The Company also has custom processing arrangements in Gujarat, Karnataka, Tamil Nadu, Madhya Pradesh, and Rajasthan. Each and every plant has been equipped with a pre-cleaner, fine cleaner, grader, gravity separator, de-stoner, indented cylinder, treater, needle separator, and packaging machinery. For the ginning, de-linting, drying, processing, treating, packaging, and storing of seeds, the Company has independent facilities. The farmers' seeds are treated to meet quality criteria that go above and beyond those imposed by the regulatory bodies. By assuring increases in seed viability and extending the shelf life of seeds, the quality of seed processing is raised to a new level. To provide ideal storage conditions for the seed, all of the packaging material has the best environmental barrier qualities.

Stringent Quality Assurance

The Company has testing laboratories located in Maharashtra and Andhra Pradesh which are highly precision-oriented and organized. The crew conducts frequent field inspections throughout the whole manufacturing area. In accordance with the Company's quality policy, top-notch quality requirements are met to give farmers the best yields possible and increase their profitability. Total quality management is also taken into consideration. For frequent monitoring of lot germination, genetic purity tests are carried out. Another test called as ELISA test is conducted on genetically modified crops to determine their gene purity. The Company undertakes rigorous efforts to ensure seeds are

generated under optimal conditions and genetic purity is maintained across all the batches. Another round of quality assurance takes place during the processing and packaging of foundation seeds. According to the International Seed Testing Association (ISTA), more than two lakh quality tests are performed annually along the whole supply chain before seeds are packed and sent to marketing centres. Every seed lot that enters the processing plants is sampled and checked for physical appearance, moisture, other distinguishable varieties present, physical purity, treatment, genetic purity, germination, vigor, and soil emergence. These are then classified and reported accordingly.

Diversified Distribution Network

The Company has 16 business centres in 131 regions in India, collaborating with more than 2,000 distributors across. Over the last 4-5 years, the Company under the guidance of Seed Marketing Veterans has expanded into new locations both within and outside the country. The Company plans on further expanding its Direct Retailer reach in the upcoming years. With a positive foothold in India, the Company has been expanding to newer foreign regions with agronomic circumstances comparable to those in India. The Company is fully prepared to expand its wings in further regions of Asia, Africa, and the Middle East.

Risk Mitigation Strategies

Risk	Impact	Mitigation
Regulatory Risk	Increased domestic as well as foreign competition in the seeds space can result in the tightening of regulatory norms posing a risk to the operations of the Company.	The Company has a dedicated Compliance and R&D team to stay updated on international standards on GM and/or Hybrid seeds. These dedicated teams in collaboration with middle management and technology teams help the Company mitigate any risk arising from policy changes.
Technology Risk	Increased usage of the same technology on the soil can render soil, pathogens, and pests resistant to its beneficial effects.	The Company's R&D infrastructure is focused on innovating and inventing newer technologies to avoid reliance on only one type of technology. The Company aims to produce seeds with high yields and endurance to several pests and viruses.
Unpredictable Weather	Weather plays a key role in the production of food grains, pulses, vegetables, etc. Any adverse climatic conditions can negatively impact the production and maintenance of crops and fields	The Company attempts to minimize the effects of these natural variables by taking proactive and quick action by creating seeds that can be cultivated in particular situations, such as drought, heat waves, etc.
Cotton Business	There are multiple risks associated with the cotton business such as the increased proliferation of illegal seeds which are herbicide tolerant in cotton-growing states to meet the customized product-based demands	The Company has a diversified product portfolio and focuses on 'All season products.' The Company seeks to increase segment growth in the vegetable and plant nutrient markets.

Human Resources

The Company considers human resources as its biggest asset. As the Company is transitioning from its growth phase, it considers human resources to be critical for its operations as well as plays a key role in running the business. The Company has a dedicated team of scientists and researchers who have laid a strong foundation for the Company. The Company undertakes constant training and development of its employees and continues to nurture them via workshops with renowned research institutes globally. In order to create brand awareness for its products, the Company has taken steps to expand its sales and marketing team. Report on the Audit of the Standalone Financial Statements

Opinion

1. We have audited the accompanying standalone financial statements of Nath Bio-genes (I) Limited having CIN: L01110MH1993PLC072842 ("the Company"), which comprise the Standalone Balance Sheet as at 31st March 2023, the Standalone Statement of Profit and Loss (including other comprehensive income), Standalone Statement of Cash Flows and Standalone Statement of Changes in Equity for the year then ended, and notes to the Standalone financial statements, including a summary of significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and the other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2022 and its loss (financial performance including other comprehensive income), the changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Standalone financial statements under the provisions of the Act and the rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current year. These matters were addressed in the context of our audit of the standalone financial statements, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. The aggregate lease rentals are charged as rent in the Statement of Profit and Loss.</p>	<p>Our audit procedures on adoption of Ind AS 116 include:</p> <ul style="list-style-type: none"> - Assessed and tested new processes and controls in respect of the lease accounting standard (Ind AS 116). - Assessed the company's evaluation on identification of leases based on the contractual agreements and our knowledge of the business. - Assessed the key terms and conditions of each lease with the underlying lease contracts and evaluation of the lease liability. - Assessed and tested the presentation and disclosures relating to Ind AS 116.

Information other than the Standalone Financial Statements and Auditor's Report thereon

5. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the annual report but does not include the financial statements and our auditor's report thereon.
6. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
7. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

8. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.
9. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
10. The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

11. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
12. As part of an audit in accordance with Standard on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - a. Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - b. Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company and its subsidiary companies which are companies incorporated in India, has adequate internal financial controls system in place and the operating effectiveness of such controls.
 - c. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - d. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the

Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- e. Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
13. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
 14. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
 15. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

16. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss, and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - (e) On the basis of the written representations received from the directors as on 31st March, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

- (g) In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 32 to the financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. (a) the Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) the Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the company from any person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and.

(c) Based on audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material mis-statement.
 - v. In respect of dividend: -
 - a. The final dividend proposed in the previous year, declared and paid by the Company during the year, is in accordance with Section 123 of the Act, as applicable.
 - b. No interim dividend is declared by the Company during the year.
 - c. The Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable.
 - vi. Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the Company with effect from April 1,

2023, and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended March 31, 2023.

Further, the company has made investments of Rs. 1.52 Lakhs in joint venture abroad. The company has not given any security to any party during the year.
- (b) The terms and conditions for such above mentioned loan and corporate guarantee are not prejudicial to the interest of the Company except non-levy of interest on loans & non – charging of commission on corporate guarantee.
- (c) In respect of loans and advances in the nature of loans the schedule of repayment of principal and payment of interest has not been stipulated; hence we are unable to comment whether the repayments or receipts are regular, overdue, renewed or extended or fresh loan granted to settle the overdue of existing loans given to the same parties;

4. The company has not provided any security to any party covered under section 185 and 186 of the Act, except that of loan, corporate guarantee and investment as mentioned in para 3 above after complying the provisions of section 186 except non-levy of interest and non-charging of commission on corporate guarantee.
5. The Company has not accepted deposits within the meaning of sections 73 to 76, or any other relevant provisions of the Act and the rules framed there under.
6. No maintenance cost records have been specified by the Central Government under section 148(1) of the Act for the products of the company.
7. (a) The company is regular in depositing undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, wealth tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues with the appropriate authorities.

b) There are no dues of Income tax, Sales tax, Service tax, Customs Duty, Excise Duty and Value Added Tax which have not been deposited as on 31st March 2023 on account of disputes.
8. According to the information and explanations given to us, there are no transactions recorded in the books of account as have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 196.
9. In our opinion and according to the information and explanations given to us: -
 - (a) the Company has not defaulted in payment of dues to financial institution or bank or debenture holders.
 - (b) The company is not declared willful defaulter by any bank or financial institution or other lender.
 - (c) term loans were applied for the purpose for which the loans were obtained.
 - (d) No funds raised on short term basis have been utilised for long-term purposes.
 - (e) The Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures; hence clause (ix) (e) of the Order is not applicable.
 - (f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies; hence the clause (ix) (f) of the Order is not applicable.
10. The company has not raised any money by way of initial public offer, further public offer (including debt instruments), preferential allotment or private placement of shares during the year.
11. (a) According to the information and explanations given to us, no fraud by the company or any fraud on the Company has been noticed or reported during the year.
(b) No report under sub-Section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules 2014 with the Central Government.
(c) We have not considered whistle-blower complaints, since there is no complaint received during the year by the Company.
12. The company is not a Nidhi Company as such provisions of the clause (xii) of the Order are not applicable to the company.

13. All transactions with the related parties are in compliance with section 177 and 188 of the Act, where applicable, and the details have been disclosed in the Ind AS standalone financial statements etc., as required by the applicable accounting standards.
14. (a) In our opinion, the internal audit system is commensurate with the size of the company and nature of its business.
(b) In framing our Independent Audit Reports, we have considered Internal Auditor's Report for the period under audit.
15. The company has not entered into any non-cash transactions with directors or persons connected with him.
16. (a) The company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

ANNEXURE "B" TO THE INDEPENDENT AUDITORS' REPORT

Report on the Internal Financial Controls over financial reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. We have audited the internal financial controls over financial reporting of **Nath Bio-genes (I) Limited** ("the Company") as of 31st March 2023 in conjunction with our audit of the Ind AS standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting of the company.

Meaning of Internal Financial Controls Over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS standalone financial statements in accordance with generally accepted accounting principles, and that receipts and

expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

1 General Information

Nath Bio-Genes (India) Limited (CIN L01110MH1993PLC072842) is incorporated under the Companies Act, 1956 with its registered office at Nath House, Nath Road, Chhatrapati Sambhajnagar MS. The company is engaged in the business of Production, Processing, and Marketing of Hybrid and GM Seeds. The Company has a product range of Field crops, Vegetable crops and Plant Nutrient Supplements. The major Processing Plants are situated at Chhatrapati Sambhajnagar (MS), and Munipalli, Nizamabad (TG). The company has a Pan India presence for sales through an extensive network of distributors.

2 SIGNIFICANT ACCOUNTING POLICIES:

A Basis of Preparation and Presentation

i) The financial statements are prepared on historical cost basis in accordance with applicable Indian Accounting Standards (Ind AS) and on accounting principles of going concern except fixed assets which are measured at fair values. These financial statements have been prepared to comply with all material aspects with the Indian accounting standards notified under section 133 of the Act, (the "Act") read with Rule 7 of the Companies (Accounts) Rules, 2014, and the other relevant provisions of the Act.

ii) Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policies hitherto in use.

iii) All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Act. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current classification of assets and liabilities.

B REVENUE RECOGNITION

i) Revenue is measured at the transaction valued considered as fair value of the consideration received or receivable where the ownership and significant risk has been transferred to the buyer.

ii) Interest on overdue debtors is accounted for as and when received, as the collection cannot be ascertained with reasonable certainty.

iii) Sales return are accounted for / provided for in the year in which they pertain to, as ascertained till finalization of the books of account.

iv) Compensation on account of crop quality discounts are accounted for as and when settled.

C PROPERTY, PLANT AND EQUIPMENTS

i) Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at deemed cost less and accumulated depreciation. Freehold land is not depreciated.

ii) Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

iii) Furniture and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

iv) An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised to the standalone statement of profit and loss.

v) Seed Development know how and software acquired by the company are capitalised at the cost of acquisition. Expenses incurred on brands are capitalised.

vi) Live stock is stated at cost without any depreciation/ impairment

D BIOLOGICAL ASSETS

Recognition and measurement

The company recognises the biological asset (agricultural produce) when:

- (a) the company controls the asset as a result of past events;
- (b) it is probable that future economic benefits associated with the asset will flow to the company; and
- (c) the fair value or cost of the asset can be measured reliably

The biological asset are measured at the end of each reporting period at its fair value less costs to sell.

E CAPITAL WORK-IN-PROGRESS

Expenditure related to and incurred during the implementation of the projects is included under Capital Work-in-Progress and the same are capitalized under the appropriate heads on completion of the projects.

F DEPRECIATION / AMORTIZATION

i) Depreciation on tangible Fixed Assets is provided for on the basis of useful life specified in Schedule II to the Act.

ii) Intangible assets such as Gene/Seed Development Know-How are amortized in ten equal yearly instalments commencing from the year in which the tangible benefits start accruing to the Company from such assets.

iii) Depreciation is charged as per the provisions of Schedule II to the Act based upon useful life of assets. The useful life is adopted for the purpose of depreciation is as under.

Assets	Useful life year
i) Factory Building	30
ii) Plant & Machineries	15
iii) Laboratory Equipment	10
iv) Agricultural Equipment's	15
v) Office Equipment's	15
vi) EDP Equipment's	3
vii) Furniture & Fixture	10
viii) Motor Car & Light Vehicle	8

G IMPAIRMENT

Assessment is done at each Balance Sheet date as to whether there is any indication that an asset may be impaired. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the asset/cash generating unit is made. Assets whose carrying value exceeds their recoverable amount are written down to the recoverable amount. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Assessment is also done at each Balance Sheet date as to whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased.

H RESEARCH AND DEVELOPMENT EXPENDITURE:

The research expenditure incurred is charged off to the Statement of Profit & Loss.

I INVENTORIES:

i) Inventories comprise of Unprocessed seeds, Under- Processed Seeds, Processed Seeds, Packing Material and traded goods. Inventories are valued at the lower of cost or the net realisable value after providing for obsolescence and other losses, where considered necessary. Cost is determined on Weighted Average basis. Cost includes all charges in bringing the goods to their present location and condition and receiving charges.

ii) The cost of Under-Processed Seeds and Processed Seeds comprises of lease rental, direct labour, other direct costs and related production overheads. Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

J FOREIGN CURRENCY TRANSACTIONS:

i) Transactions in foreign currency are recorded at the rate prevailing on the date of the transaction.

ii) Current Assets and Current Liabilities in foreign currency outstanding as at the year-end are stated at the rates of exchange prevailing at the close of the year. The resultant gains/losses of the year are recognized in the Statement of Profit and Loss.

K GOVERNMENT GRANTS

i) Grants are accounted for where it is reasonably certain that the ultimate collection will be made.

ii) Grants relating to Fixed Assets in the nature of Project Capital Subsidy are credited to Capital Reserve.

iii) Others are credited to Statement of Profit and Loss.

L EMPLOYEES BENEFITS:

Liability as at the year end in respect of retirement benefits is provided for and/ or funded and charged to Statement of Profit and Loss as follows:

i) Provident Fund / Family Pensions:

At a percentage of salary/wages for eligible employees.

ii) Retirement benefit costs and termination benefit

The Company determines the present value of the defined benefit obligation and recognizes the liability or asset in the balance sheet.

The present value of the obligation is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each year

Defined benefit costs are composed of:

(a) service cost – recognized in profit or loss; service cost comprises (i) current cost which is the increase in the present value of defined benefit obligations resulting from employee service in the current period, (ii) past service cost which is the increase in the present value of defined benefit obligations resulting from employee service in the prior periods resulting from a plan amendment, and (iii) gain or loss on settlement.

(b) remeasurements of the liability or asset - recognized in other comprehensive income.

(d) remeasurements of the liability or asset essentially comprise of actuarial gains and losses (i.e. changes in the present value of defined benefit obligations resulting from experience adjustments and effects of changes in actuarial assumptions).

Short-term benefits: A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave and other short term benefits in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Other long-term benefits: Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Group in respect of services provided by employees up to the reporting date.

iii) Bonus

The company recognises a liability and expense for bonus. The company recognises a provision where contractually obliged or where there is past practice that has created a constructive obligation.

M BORROWING COST

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use. All other borrowing costs are recognised in the Statement of Profit and Loss in the period in which they are incurred. The Company determines the amount of borrowing costs eligible for capitalisation as the actual borrowing costs incurred on that borrowing during the period less any interest income earned on temporary investment of specific borrowings pending their expenditure on qualifying assets, to the extent that an entity borrows funds specifically for the purpose of obtaining a qualifying asset. In case if the Company borrows generally and uses the funds for obtaining a qualifying asset, borrowing costs eligible for capitalisation are determined by applying a capitalisation rate to the expenditures on that asset. The Company suspends capitalisation of borrowing costs during extended periods in which it suspends active development of a qualifying asset

N AGRICULTURAL ACTIVITIES

i) Income from the agricultural activities is accounted for up to the stage of dispatch of goods by the Company to the customer after processing.

ii) Expenses which are directly related to the agricultural activities have been accounted for in the books of account under the head "Production Expenses". Expenses which are not related to the specific activities are allocated on the basis of turnover (net of return and Schemes & Discounts) of Agricultural activities and Trading activities.

O EARNING PER SHARE

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Earnings considered in ascertaining the Company's earnings per share is the net profit for the year attributable to equity share holders. The weighted average number of equity shares outstanding during the year and for all years presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

P TAXATION

INCOME TAX

Provision for Current Tax is made and retained in the accounts on the basis of estimated tax liability as per applicable provisions of Income Tax Act 1961.

DEFERRED TAX

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Current and deferred tax for the period

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

The Company recognises interest levied and penalties related to Income Tax assessments in the tax expense.

Q USE OF ESTIMATES

The preparation of Financial Statements requires estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of Financial Statements and the reported amounts of revenues and expenses during the reporting period. Difference between the actual results and the estimates are recognised in the period in which the results are known/ materialised.

R PROVISION AND CONTINGENT LIABILITIES

Provisions: Provisions are recognised when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date and are not discounted to its present value.

Contingent Liabilities: Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

S CASH AND CASH EQUIVALENTS

In the Cash Flow Statement, cash and cash equivalents includes cash on hand, demand and short term deposits with banks, other short-term highly liquid investments with original maturities of three months or less.

T FINANCIAL ASSETS AT AMORTISED COST

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

U FINANCIAL ASSETS AT FAIR VALUE THROUGH OTHER COMPREHENSIVE INCOME

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and a contractual terms of the financial assets give rise on the specified dates to cash flows that are solely payment of the principal and interest on the principal amount outstanding.

V FINANCIAL ASSETS AT FAIR VALUE THROUGH PROFIT OR LOSS

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of assets and liabilities at fair value through profit and loss are immediately recognised in the statement of profit and loss.

W FINANCIAL LIABILITIES

Financial liabilities are measured at amortised cost using the effective interest method, if tenure of repayment of such liability exceeds one year.

X EQUITY INSTRUMENTS

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. The Company recognises equity instruments at proceeds received net off direct issue cost.

Y RECLASSIFICATION OF FINANCIAL ASSETS

The Company determines classification of the financial assets and liabilities on initial recognitions. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the company's operations. Such changes are evident to external parties. A change in the business model occurs when a company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognized gains, losses (including impairment gains and losses) or interest.

Z OFFSETTING OF FINANCIAL INSTRUMENTS

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet if there is currently enforceable legal right to offset the recognized amounts and there is on intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

AA LEASES :

Leases which are short term and cancellable at the option of lessor / lessee are treated as operating leases and lease rent payable on such leases is charged to the Statement of Profit and Loss Account.

30 Fair Value Measurement

The management assessed that the fair values of short term financial assets and liabilities significantly approximate their carrying amounts largely due to the short term maturities of these instruments. The fair value of financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction among willing parties, other than in a forced or liquidation sale

The Company determines fair values of long term financial assets and financial liabilities by discounting contractual cash inflows/ outflows using prevailing interest rates of financial instruments with similar terms. The fair value of investment is determined using quoted net assets value from the fund. Further, the subsequent measurement of all finance assets and liabilities (other than investment in mutual funds) is at amortized cost, using the effective interest method.

Discount rates used in determining fair value

The interest rate used to discount estimated future cash flows, where applicable, are based on the incremental borrowing rate of the borrower which in case of financial liabilities is the weighted average cost of borrowing of the Company and in case of financial assets is the average market rate of similar credits rated instrument.

The Company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available. In addition, the Company internally reviews valuation, including independent price validation for certain instruments.

Fair value hierarchy

All financial instruments for which fair value is recognized or disclosed are categorized within the *fair* value hierarchy described as follows, based on the lowest level input that is significant to the fair value measurement as a whole.

Level -1

Quoted (unadjusted) price is active market for identical assets or liabilities

Level 2:

Valuation technique for which the lowest level input that has a significant effect on the fair value measurement are observed, either directly or indirectly.

Level 3

Valuation technique for which the lowest level input that has a significant effect on the fair value measurement is not based on observable market data.

31 Financial Instruments and Risk Review

i) Capital Management

The Company's capital management objectives are:-

The Board policy is to maintain a strong capital base so as to maintain investor, creditors and market confidence and to support future development of the business. The Board of Directors monitors return on capital employed.

The Company manages capital risk by maintaining sound/optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio and net borrowings-to-equity ratio on a monthly basis and implements capital structure improvement plan when necessary.

The Company uses debt ratio as a capital management index and calculates the ratio as Net debt divided by total equity. Net debt and total equity are based on the amounts stated in the financial statements.

Debt-to-equity ratio is as follows

Particular	March 31, 2023	March 31, 2022
Net Debts (A) *	6,216	8,373
Equity (B) **	57,335	54,197
Debt Ratio % (A/B)	10.84	15.45

* Net Debts includes Non-Current borrowings, Current borrowings, Current Maturities of non current borrowing net off Current Investment and cash and cash equivalent

** Equity Include Paid up Share Capital and Other Equity.

ii) Credit Risk

Credit risk is the risk of financial loss arising from counter-party failure to repay or service debt according to contractual terms or obligations. Credit risk encompasses both, the direct risk of default and the risk of deterioration of credit worthiness as well as concentration of risks. Credit risk is controlled by analysing credit limit and creditworthiness of customers on a continuous basis to whom the credit has been granted.

Financial instruments that are subject to concentration of credit risk principally consists of trade receivable investments, derivative financial instruments and other financial assets. None of the financial instruments of the Company results in material concentration of credit risk

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk is as under, being the total of the carrying amount of balances with trade receivables and advances for seed production

As on	Amount in Lakh
31st March, 2023	32,683
31st March, 2022	30,677

Trade receivables

Ind AS requires expected credit losses to be measured through a loss allowance. The Company assesses at each date of financial statement whether a financial asset or group of financial assets is impaired. The Company recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to 12 months expected credit losses or at an amount equal to the life time expected credit losses, if the credit risk on the financial asset has increased significantly since initial recognition

Before acceding any new customer, the Company uses an external/internal credit scoring system to assess potential customer's credit quality and defines credit limits by customer. Limits and scoring attributed to customer are reviewed on periodic basis.

iii) Liquidity Risk**a) Liquidity risk management**

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

b) Maturities of financial liabilities

The following table details the remaining contractual maturities for its financial liabilities with agreed repayment period. The amount disclosed in the table has been drawn up based on the undiscounted cash flow of financial liabilities based on the earliest date on which the Company can be required to pay. The table includes both interest and principal cash flows.

Independent Auditors' Report

To,
The Members of
Nath Bio-genes (I) Limited
Aurangabad

Report on the Audit of the Consolidated Financial Statements

Opinion

1. We have audited the accompanying Consolidated financial statements of Nath Bio-genes (I) Limited having CIN: L01110MH1993PLC072842 ("the Holding Company"), and its joint venture company ("the Holding Company and its joint venture company together referred to as 'the Group'), which comprise the Consolidated Balance Sheet as at 31st March 2023, the Consolidated Statement of Profit and Loss (including other comprehensive income), Consolidated Statement of Cash Flows and Consolidated Statement of Changes in Equity for the year then ended, and notes to the Consolidated financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and the other accounting principles generally accepted in India, of the consolidated financial position of the Group as at 31st March, 2023 and their consolidated profit including other comprehensive income, consolidated the changes in equity and their consolidated cash flows for the year ended on that date.

Basis for Opinion

2. We conducted our audit in accordance with Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Consolidated financial statements under the provisions of the Act and the rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Key Audit Matters

3. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated financial statements of the current year. These matters were addressed in the context of our audit of the Consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matters	Audit Procedures
Agricultural Activities	
<p>The company is engaged in the production and processing of commercial and vegetable seeds at various pieces of lands taken on lease from various growers/farmers spread over throughout India. The company enters into seed production agreements with these farmers / growers. The company is compensating the farmers/growers for various cultivation expenses based upon the rate agreement entered into. Thus, the company is engaged in the growing of various kinds of seeds based on the programs chalked out by the management depending on the area, climatic conditions, soil conditions, water resources, education of farmers, processing facilities etc.</p>	<p>We have performed the following principal audit procedures in relation to Agricultural Activities: -</p> <ul style="list-style-type: none"> - Evaluation and understanding of Seed production agreements. - Verification and evaluation of the documents for existence of farmers/growers on sample basis of the seeds. - Verification and evaluation of documents on sample basis for the existence of leasehold land. - Evaluation of the control / supervision over the crop. - Evaluating the appropriateness of the adequate disclosures in accordance with the applicable accounting standards.
Adoption of Ind AS 116 Leases	
<p>As described in Note 2(AA) to the Consolidated financial statements, the Company has adopted Ind AS 116 Leases (Ind AS 116) in the current year.</p> <p>The Company has leasing arrangements for operating leases for lands and premises (Agricultural lands, office, stores, go-down etc.), which are cancelable and renewable by mutual consent. The aggregate lease rentals are charged as rent in the Statement of Profit and Loss.</p>	<p>Our audit procedures on adoption of Ind AS 116 include:</p> <ul style="list-style-type: none"> - Assessed and tested new processes and controls in respect of the lease accounting standard (Ind AS 116); - Assessed the company's evaluation on identification of leases based on the contractual agreements and our knowledge of the business; - Assessed the key terms and conditions of each lease with the underlying lease contracts and evaluation of the lease liability. - Assessed and tested the presentation and disclosures relating to Ind AS 116.

Information other than the Consolidated Financial Statements and Auditor's Report thereon

4. The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the annual report but does not include the financial statements and our auditor's report thereon.
5. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
6. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we

conclude that there is material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

7. The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance (including other comprehensive income), consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.
8. In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
9. The respective Board of Directors/ Management is also responsible for overseeing the Company's financial reporting process of the group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

10. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
11. As part of an audit in accordance with Standard on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - a. Identify and assess the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - b. Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company and its subsidiary companies which are companies incorporated in India, has adequate internal financial controls system in place and the operating effectiveness of such controls.

- c. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - d. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
 - e. Evaluate the overall presentation, structure and content of the Consolidated financial statements, including the disclosures, and whether the Consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
12. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

15. The Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013 is not applicable to the consolidated financial statements.
16. As required by Section 143(3) of the Act based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of company, as noted in the 'Other Matters' paragraph, we report, to the extent applicable, that:
- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Statement of Cash Flow dealt with by this Report are in agreement with the books of account.

- (d) In our opinion, the aforesaid Consolidated financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of the written representations received from the directors as on 31st March, 2023 taken on record by the Board of Directors, none of the directors of the group is disqualified as on 31st March, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate Report in “Annexure A”.
- (g) In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- (h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Group has disclosed the impact of pending litigations on its financial position in its Consolidated financial statements – Refer Note 32 to the financial statements.
 - ii. The Group did not have any long-term contracts, including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. (a) the Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Group to or in any other person or entity, including foreign entity (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) the Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the group from any person or entity, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material mis-statement.
 - v. In respect of dividend:-
 - a. The final dividend proposed in the previous year, declared and paid by the Company during the year, is in accordance with Section 123 of the Act, as applicable.

- b. No interim dividend is declared by the Company during the year.
- c. The Board of Directors of the Company has proposed a final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable.
- vi. Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the Company with effect from April 1, 2023, and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended March 31, 2023.

ANNEXURE "A" TO THE INDEPENDENT AUDITORS' REPORT

Report on the Internal Financial Controls over financial reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. We have audited the internal financial controls over financial reporting of **Nath Bio-genes (I) Limited** ("the Company") ("the Holding Company") and its joint venture, (the Holding Company and its joint venture together referred to as "the Group"), as of 31st March, 2023 in conjunction with our audit of the Ind AS Consolidated financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.
5. We believe that the audit evidence, we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting of the company.

Meaning of Internal Financial Controls Over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions

are recorded as necessary to permit preparation of Ind AS Consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

2 SIGNIFICANT ACCOUNTING POLICIES:

A Basis of Preparation and Presentation

i) The consolidated financial statements are prepared on historical cost basis in accordance with applicable Indian Accounting Standards (Ind AS) and on accounting principles of going concern except fixed assets which are measured at fair values. These consolidated financial statements have been prepared to comply with all material aspects with the Indian accounting standards notified under section 133 of the Act, (the "Act") read with Rule 7 of the Companies (Accounts) Rules, 2014, and the other relevant provisions of the Act.

ii) Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policies hitherto in use.

iii) All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Act. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current classification of assets and liabilities.

B REVENUE RECONGNITION

i) Revenue is measured at the transaction valued considered as fair value of the consideration received or receivable where the ownership and significant risk has been transferred to the buyer.

ii) Interest on overdue debtors is accounted for as and when received, as the collection cannot be ascertained with reasonable certainty.

iii) Sales return are accounted for / provided for in the year in which they pertain to, as ascertained till finalization of the books of account.

iv) Compensation on account of crop quality discounts are accounted for as and when settled.

C PROPERTY, PLANT AND EQUIPMENTS

i) Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at deemed cost less and accumulated depreciation. Freehold land is not depreciated.

ii) Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

iii) Furniture and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

iv) An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised to the consolidated statement of profit and loss.

v) Seed Development know how and software acquired by the company are capitalised at the cost of

vi) Live stock is stated at cost without any depreciation/ impairment

D BIOLOGICAL ASSETS

Recognition and measurement

The company recognises the biological asset (agricultural produce) when:

- (a) the company controls the asset as a result of past events;
- (b) it is probable that future economic benefits associated with the asset will flow to the company; and
- (c) the fair value or cost of the asset can be measured reliably

The biological asset are measured at the end of each reporting period at its fair value less costs to sell.

E CAPITAL WORK-IN-PROGRESS

Expenditure related to and incurred during the implementation of the projects is included under Capital Work-in-Progress and the same are capitalized under the appropriate heads on completion of the projects.

F DEPRECIATION / AMORTIZATION

i) Depreciation on tangible Fixed Assets is provided for on the basis of useful life specified in Schedule II to the Act.

ii) Intangible assets such as Gene/Seed Development Know-How are amortized in ten equal yearly instalments commencing from the year in which the tangible benefits start accruing to the Company from such assets.

iii) Depreciation is charged as per the provisions of Schedule II to the Act based upon useful life of assets. The useful life is adopted for the purpose of depreciation is as under.

Assets	Useful life year
i) Factory Building	30
ii) Plant & Machineries	15
iii) Laboratory Equipment	10
iv) Agricultural Equipment's	15
v) Office Equipment's	15
vi) EDP Equipment's	3
vii) Furniture & Fixture	10
viii) Motor Car & Light Vehicle	8

G IMPAIRMENT

Assessment is done at each Balance Sheet date as to whether there is any indication that an asset may be impaired. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the asset/cash generating unit is made. Assets whose carrying value exceeds their recoverable amount are written down to the recoverable amount. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Assessment is also done at each Balance Sheet date as to whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased.

H RESEARCH AND DEVELOPMENT EXPENDITURE:

The research expenditure incurred is charged off to the Statement of Profit & Loss.

I INVENTORIES:

i) Inventories comprise of Unprocessed seeds, Under- Processed Seeds, Processed Seeds, Packing Material and traded goods. Inventories are valued at the lower of cost or the net realisable value after providing for obsolescence and other losses, where considered necessary. Cost is determined on Weighted Average basis. Cost includes all charges in bringing the goods to their present location and condition and receiving charges.

ii) The cost of Under-Processed Seeds and Processed Seeds comprises of lease rental, direct labour, other direct costs and related production overheads. Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

J FOREIGN CURRENCY TRANSACTIONS:

i) Transactions in foreign currency are recorded at the rate prevailing on the date of the transaction.

ii) Current Assets and Current Liabilities in foreign currency outstanding as at the year-end are stated at the rates of exchange prevailing at the close of the year. The resultant gains/losses of the year are recognized in the Statement of Profit and Loss.

K GOVERNMENT GRANTS

i) Grants are accounted for where it is reasonably certain that the ultimate collection will be made.

ii) Grants relating to Fixed Assets in the nature of Project Capital Subsidy are credited to Capital Reserve.

iii) Others are credited to Statement of Profit and Loss.

L EMPLOYEES BENEFITS:

Liability as at the year end in respect of retirement benefits is provided for and/ or funded and charged to Statement of Profit and Loss as follows:

i) Provident Fund / Family Pensions:

At a percentage of salary/wages for eligible employees.

ii) Retirement benefit costs and termination benefit

The Company determines the present value of the defined benefit obligation and recognizes the liability or asset in the balance sheet.

The present value of the obligation is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each year

Defined benefit costs are composed of:

(a) service cost – recognized in profit or loss; service cost comprises (i) current cost which is the increase in the present value of defined benefit obligations resulting from employee service in the current period, (ii) past service cost which is the increase in the present value of defined benefit obligations resulting from employee service in the prior periods resulting from a plan amendment, and (iii) gain or loss on settlement.

(b) remeasurements of the liability or asset - recognized in other comprehensive income.

(d) remeasurements of the liability or asset essentially comprise of actuarial gains and losses (i.e. changes in the present value of defined benefit obligations resulting from experience adjustments and effects of changes in actuarial assumptions).

Short-term benefits: A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave and other short term benefits in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Other long-term benefits: Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Group in respect of services provided by employees up to the reporting date.

iii) Bonus

The company recognises a liability and expense for bonus. The company recognises a provision where contractually obliged or where there is past practice that has created a constructive obligation.

M BORROWING COST

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use. All other borrowing costs are recognised in the Statement of Profit and Loss in the period in which they are incurred. The Company determines the amount of borrowing costs eligible for capitalisation as the actual borrowing costs incurred on that borrowing during the period less any interest income earned on temporary investment of specific borrowings pending their expenditure on qualifying assets, to the extent that an entity borrows funds specifically for the purpose of obtaining a qualifying asset. In case if the Company borrows generally and uses the funds for obtaining a qualifying asset, borrowing costs eligible for capitalisation are determined by applying a capitalisation rate to the expenditures on that asset. The Company suspends capitalisation of borrowing costs during extended periods in which it suspends active development of a qualifying asset

N AGRICULTURAL ACTIVITIES

i) Income from the agricultural activities is accounted for up to the stage of dispatch of goods by the Company to the customer after processing.

ii) Expenses which are directly related to the agricultural activities have been accounted for in the books of account under the head "Production Expenses". Expenses which are not related to the specific activities are allocated on the basis of turnover (net of return and Schemes & Discounts) of Agricultural activities and Trading activities.

O EARNING PER SHARE

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Earnings considered in ascertaining the Company's earnings per share is the net profit for the year attributable to equity share holders. The weighted average number of equity shares outstanding during the year and for all years presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

P TAXATION

INCOME TAX

Provision for Current Tax is made and retained in the accounts on the basis of estimated tax liability as per applicable provisions of Income Tax Act 1961.

DEFERRED TAX

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Current and deferred tax for the period

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

The Company recognises interest levied and penalties related to Income Tax assessments in the tax expense.

Q USE OF ESTIMATES

The preparation of consolidated financial statements requires estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Difference between the actual results and the estimates are recognised in the period in which the results are known/ materialised.

R PROVISION AND CONTINGENT LIABILITIES

Provisions: Provisions are recognised when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date and are not discounted to its present value.

Contingent Liabilities: Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

S CASH AND CASH EQUIVALENTS

In the Cash Flow Statement, cash and cash equivalents includes cash on hand, demand and short term deposits with banks, other short-term highly liquid investments with original maturities of three months or less.

T FINANCIAL ASSETS AT AMORTISED COST

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

U FINANCIAL ASSETS AT FAIR VALUE THROUGH OTHER COMPREHENSIVE INCOME

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and a contractual terms of the financial assets give rise on the specified dates to cash flows that are solely payment of the principal and interest on the principal amount outstanding.

V FINANCIAL ASSETS AT FAIR VALUE THROUGH PROFIT OR LOSS

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of assets and liabilities at fair value through profit and loss are immediately recognised in the statement of profit and loss.

W FINANCIAL LIABILITIES

Financial liabilities are measured at amortised cost using the effective interest method, if tenure of repayment of such liability exceeds one year.

X EQUITY INSTRUMENTS

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. The Company recognises equity instruments at proceeds received net off direct issue cost.

Y RECLASSIFICATION OF FINANCIAL ASSETS

The Company determines classification of the financial assets and liabilities on initial recognitions. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the company's operations. Such changes are evident to external parties. A change in the business model occurs when a company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognized gains, losses (including impairment gains and losses) or interest.

Z OFFSETTING OF FINANCIAL INSTRUMENTS

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet if there is currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

AA LEASES :

Leases which are short term and cancelable at the option of lessor / lessee are treated as operating leases and lease rent payable on such leases is charged to the Statement of Profit and Loss Account.

30 Fair Value Measurement

The management assessed that the fair values of short term financial assets and liabilities significantly approximate their carrying amounts largely due to the short term maturities of these instruments. The fair value of financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction among willing parties, other than in a forced or liquidation sale

The Company determines fair values of long term financial assets and financial liabilities by discounting contractual cash inflows/ outflows using prevailing interest rates of financial instruments with similar terms. The fair value of investment is determined using quoted net assets value from the fund. Further, the subsequent measurement of all finance assets and liabilities (other than investment in mutual funds) is at amortized cost, using the effective interest method.

Discount rates used in determining fair value

The interest rate used to discount estimated future cash flows, where applicable, are based on the incremental borrowing rate of the borrower which in case of financial liabilities is the weighted average cost of borrowing of the Company and in case of financial assets is the average market rate of similar credits rated instrument.

The Company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available. In addition, the Company internally reviews valuation, including independent price validation for certain instruments.

Fair value hierarchy

All financial instruments for which fair value is recognized or disclosed are categorized within the *fair* value hierarchy described as follows, based on the lowest level input that is significant to the fair value measurement as a whole.

Level -1

Quoted (unadjusted) price is active market for identical assets or liabilities

Level 2:

Valuation technique for which the lowest level input that has a significant effect on the fair value measurement are observed, either directly or indirectly.

Level 3

Valuation technique for which the lowest level input that has a significant effect on the fair value measurement is not based on observable market data.

31 Financial Instruments and Risk Review

i) Capital Management

The Company's capital management objectives are:-

The Board policy is to maintain a strong capital base so as to maintain investor, creditors and market confidence and to support future development of the business. The Board of Directors monitors return on capital employed.

The Company manages capital risk by maintaining sound/optimal capital structure through monitoring of financial ratios, such as debt-to-equity ratio and net borrowings-to-equity ratio on a monthly basis and implements capital structure improvement plan when necessary.

The Company uses debt ratio as a capital management index and calculates the ratio as Net debt divided by total equity. Net debt and total equity are based on the amounts stated in the financial statements.

Debt-to-equity ratio is as follows

Particular	Rupees in Lakhs	
	March 31, 2023	March 31, 2022
Net Debts (A) *	6,216.87	8,373.00
Equity (B) **	57,317.33	54,192.68
Debt Ratio % (A/B)	10.85	15.45

* Net Debts includes Non-Current borrowings, Current borrowings, Current Maturities of non current borrowing net off Current Investment and cash and cash equivalent

** Equity Include Paid up Share Capital and Other Equity.

ii) Credit Risk

Credit risk is the risk of financial loss arising from counter-party failure to repay or service debt according to contractual terms or obligations. Credit risk encompasses both, the direct risk of default and the risk of deterioration of credit worthiness as well as concentration of risks. Credit risk is controlled by analysing credit limit and creditworthiness of customers on a continuous basis to whom the credit has been granted.

Financial instruments that are subject to concentration of credit risk principally consists of trade receivable investments, derivative financial instruments and other financial assets. None of the financial instruments of the Company results in material concentration of credit risk

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk is as under, being the total of the carrying amount of balances with trade receivables and advances for seed production

As on	Rupees in Lakhs
31st March, 2023	32,683.03
31st March, 2022	30,676.93

Trade receivables

Ind AS requires expected credit losses to be measured through a loss allowance. The Company assesses at each date of financial statement whether a financial asset or group of financial assets is impaired. The Company recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to 12 months expected credit losses or at an amount equal to the life time expected credit losses, if the credit risk on the financial asset has increased significantly since initial recognition

Before acceding any new customer, the Company uses an external/internal credit scoring system to assess potential customer's credit quality and defines credit limits by customer. Limits and scoring attributed to customer are reviewed on periodic basis.

iii) Liquidity Risk**a) Liquidity risk management**

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

b) Maturities of financial liabilities

The following table details the remaining contractual maturities for its financial liabilities with agreed repayment period. The amount disclosed in the table has been drawn up based on the undiscounted cash flow of financial liabilities based on the earliest date on which the Company can be required to pay. The table includes both interest and principal cash flows.
